## Strategic Report

### Business Review

ResMed Global Holdings Limited is a holding company for the ResMed global business excluding USA and Australian trading interests. The Company's investments in UK, Europe and the Asia Pacific region performed in a satisfactory manner and in line with the Directors' expectations.

### Key Performance Indicators

The Company's key financial performance measure is net assets. Dividends of £408,470,482 (2020: £327,315,760) were received and paid through during the year to leave closing net assets of £10.1 billion stable as at 30 June 2021 (2020: £10.1 billion).

### Future Developments

The Company is a repository for Group subsidiary investments and may also seek to evaluate potential new investments to broaden its geographic reach.

### Principal risks and uncertainties facing the company and its subsidiaries:

#### Industry consolidation

Consolidation within the industry could mean increased competition for investments engaged in sales and distribution activity, and bring additional pressure to reduce the selling prices of our products. ResMed has a strategy of product differentiation, diversification into new markets and promotional activities to increase the awareness of Sleep-disordered Breathing (SDB) which allows the company to maintain prices.

#### Innovation

The development of innovative new products by our competitors or the discovery of alternative treatments or potential cure for the conditions that our products treat could make our products non-competitive or obsolete. ResMed continues to invest heavily into the research and development of new products and clinical trials for SDB, so that it maintains its position as market leader.

#### Customer Demand

ResMed's ability to sell our products depends to a large part on the extent to which coverage and re-imburement for our products will be available from government health authorities, private insurers and other organisations. These third party payers are increasingly challenging prices and can, without notice deny coverage for treatments that may include the use of our products. ResMed has developed new services and products to market to the third party providers and additional clinical areas. We have worked together with the third party providers to develop efficiency savings, for example, the Air Solutions range of products which provide remote access monitoring of patients and as a result a significant reduction in labour costs for the providers.

#### COVID-19 Pandemic

In light of the recent global spread of Coronavirus, ResMed's executive leadership team continues to monitor the situation closely and has established plans worldwide to react as the situation develops. To date the plans implemented have prioritised on product placement and setup of respiratory care ventilators and non-vented masks in affected regions, supporting customers and patients, and colleague care to promote hygiene guidance, restrict international travel and self-isolate where necessary. To date there has been no significantly adverse financial impact in relation to business activities of subsidiary companies operating in the more seriously affected countries. The management team will continue to monitor the situation and act accordingly.

## **Strategic Report** *(continued)*

### **Principal risks and uncertainties facing the company** *(continued)*

#### **Brexit**

Brexit refers to the United Kingdom (UK) referendum outcome to leave the European Union (EU) – the withdrawal agreement between the UK Government and the EU was signed and came into effect on 31 January 2020. There then followed a transition period until 31 December 2020 while the UK and EU negotiated additional arrangements, during which time the rules on trade, travel, and business for the UK and EU remained unchanged. The UK finally left the European Union with a signed agreement at 11pm on 31 December 2020.

As a global organisation, ResMed is directly impacted by Brexit and has put in place detailed contingency plans to ensure continuity of supply. Due to the nature and location of the investments held, the directors do not believe that Brexit is having a material impact upon the Company.

#### **Section 172 Statement**

In accordance with Section 172 of The Companies Act 2006, the directors confirm that during the financial year they have acted in good faith and have upheld their duty to promote the success of the company to the benefit of all stakeholders. The directors have sought to understand the competing priorities of stakeholders and to carefully consider all the relevant factors when selecting the appropriate course of action.

#### **Suppliers**

Throughout the year the directors have balanced the benefits of maintaining strong partnerships with key suppliers alongside the need to obtain value for money and excellent quality and service. The Company has endeavoured to be fair to suppliers throughout the pandemic and continue to adhere to normal payment terms.

#### **Regulators**

The Company manages its affairs responsibly and proactively to comply with all relevant legislation. The directors approach is to seek to build solid and constructive working relationships with regulators and to engage constructively, honestly and in a timely and professional manner. Engagement with regulators is led by the Group Tax, Legal and Regulatory Affairs teams of qualified professionals who provide regular updates to the directors on these matters.

#### **Debt capital/credit facility providers and credit reference agencies**

The Group Treasury team are responsible for the management of the Group's financing activities. The Group Finance Director provides regular reports to the directors on these activities including the Company's future financing plans.

#### **Community and the environment**

Corporate social responsibility is embedded in the company's culture and corporate strategy. The directors recognize the relevance of leading the Company in such a way that it contributes to the wider society.

#### **Shareholders**

The interests of the immediate and ultimate parent companies are considered as being central to the decisions taken by the directors during the year. The directors meet regularly with shareholder representatives of the Group to discuss strategy, results, and forecast expectations.

## Directors' Report

The directors present the directors' report and the financial statements for the year ended 30 June 2021.

### Principal activities

The Company principally acts as a holding company for subsidiary undertakings that sell and distribute products for the diagnosis and treatment of obstructive sleep apnoea and other respiratory disorders. The majority of products sold by the subsidiary companies are manufactured in Australia, Singapore, Malaysia and France by related parties.

### Proposed dividend

The Company declared and distributed a dividend of £408,470,482 for the year ended 30 June 2021 (2020: £327,145,780). The directors do not recommend a further dividend at this time.

### Directors

The directors who held office during the year were as follows:

D Pendarvis

J O'Donnell

N Robinson

### Political and charitable donations

The Company made no political or charitable donations during the year (2020: £nil).

### SECR: Emissions and energy consumption

No disclosure is required as the company has consumed less than 40,000 kWh of energy in the UK during the year.

### Disclosure of information to auditor

The directors who held office at the date of approval of this directors' report confirm that, so far as they are each aware, there is no relevant audit information of which the Company's auditor is unaware; and each director has taken all the steps that he ought to have taken as a director to make himself aware of any relevant audit information and to establish that the Company's auditor is aware of that information

### Auditor

During the year BDO was appointed as auditor of the company and, pursuant to section 487 of the Companies Act 2006, will be deemed to be reappointed and will therefore continue in office.

By order of the board

## **Statement of directors' responsibilities in respect of the Strategic Report, Directors' Report and the financial statements**

The directors are responsible for preparing the Strategic Report, Directors' Report and the financial statements in accordance with applicable law and regulations.

Company law requires the directors to prepare financial statements for each financial year. Under that law they have elected to prepare the financial statements in accordance with UK Accounting Standards and applicable law (UK Generally Accepted Accounting Practice), including FRS 102 *The Financial Reporting Standard applicable in the UK and Republic of Ireland*.

Under company law the directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the company and of the profit or loss of the company for that year. In preparing these financial statements, the directors are required to:

- select suitable accounting policies and then apply them consistently;
- make judgments and estimates that are reasonable and prudent;
- state whether applicable UK Accounting Standards have been followed, subject to any material departures disclosed and explained in the financial statements; and
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the Company will continue in business.

The directors are responsible for keeping adequate accounting records that are sufficient to show and explain the company's transactions and disclose with reasonable accuracy at any time the financial position of the company and enable them to ensure that the financial statements comply with the Companies Act 2006. They have general responsibility for taking such steps as are reasonably open to them to safeguard the assets of the company and to prevent and detect fraud and other irregularities.

## **Independent auditor's report to the members of ResMed Global Holdings Limited**

### **Opinion on the financial statements**

In our opinion the financial statements:

- give a true and fair view of the state of the Company's affairs as at 30 June 2021 and of its profit for the year then ended;
- have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice; and
- have been prepared in accordance with the requirements of the Companies Act 2006.

We have audited the financial statements of ResMed Global Holdings Limited ("the Company") for the year ended 30 June 2021 which comprise the Profit and loss account and other comprehensive income, Balance sheet, Statement of changes in equity and notes to the financial statements, including a summary of significant accounting policies. The financial reporting framework that has been applied in their preparation is applicable law and United Kingdom Accounting Standards, including Financial Reporting Standard 102 *The Financial Reporting Standard applicable in the UK and Republic of Ireland*.

### **Basis for opinion**

We conducted our audit in accordance with International Standards on Auditing (UK) (ISAs (UK)) and applicable law. Our responsibilities under those standards are further described in the Auditor's responsibilities for the audit of the financial statements section of our report. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

### *Independence*

We are independent of the Company in accordance with the ethical requirements that are relevant to our audit of the financial statements in the UK, including the FRC's Ethical Standard, and we have fulfilled our other ethical responsibilities in accordance with these requirements.

### **Conclusions relating to going concern**

In auditing the financial statements, we have concluded that the Directors' use of the going concern basis of accounting in the preparation of the financial statements is appropriate. Based on the work we have performed, we have not identified any material uncertainties relating to events or conditions that, individually or collectively, may cast significant doubt on the Company's ability to continue as a going concern for a period of at least twelve months from when the financial statements are authorised for issue. Our responsibilities and the responsibilities of the Directors with respect to going concern are described in the relevant sections of this report.

### **Other information**

The directors are responsible for the other information. The other information comprises the information included in the Strategic Report, Directors' Report and financial statements other than the financial statements and our auditor's report thereon. Our opinion on the financial statements does not cover the other information and, except to the extent otherwise explicitly stated in our report, we do not express any form of assurance conclusion thereon. Our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the course of the audit, or otherwise appears to be materially misstated. If we identify such material inconsistencies or apparent material misstatements, we are required to determine whether this gives rise to a material misstatement in the financial statements themselves. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

## **Independent auditor's report to the members of ResMed Global Holdings Limited** *(continued)*

### **Other Companies Act 2006 reporting**

In our opinion, based on the work undertaken in the course of the audit:

- the information given in the Strategic report and the Directors' report for the financial year for which the financial statements are prepared is consistent with the financial statements; and
- the Strategic report and the Directors' report have been prepared in accordance with applicable legal requirements.

In the light of the knowledge and understanding of the Company and its environment obtained in the course of the audit, we have not identified material misstatements in the Strategic report or the Directors' report.

We have nothing to report in respect of the following matters in relation to which the Companies Act 2006 requires us to report to you if, in our opinion:

- adequate accounting records have not been kept, or returns adequate for our audit have not been received from branches not visited by us; or
- the financial statements are not in agreement with the accounting records and returns; or
- certain disclosures of Directors' remuneration specified by law are not made; or
- we have not received all the information and explanations we require for our audit.

### **Responsibilities of Directors**

As explained more fully in the Statement of Directors' Responsibilities, the Directors are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view, and for such internal control as the Directors determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Directors either intend to liquidate the Company or to cease operations, or have no realistic alternative but to do so.

### **Auditor's responsibilities for the audit of the financial statements**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

#### *Extent to which the audit was capable of detecting irregularities, including fraud*

Irregularities, including fraud, are instances of non-compliance with laws and regulations. We design procedures in line with our responsibilities, outlined above, to detect material misstatements in respect of irregularities, including fraud. The extent to which our procedures are capable of detecting irregularities, including fraud is detailed below:

## **Independent auditor's report to the members of ResMed Global Holdings Limited** *(continued)*

### Audit procedures included:

- We obtained an understanding of the legal and regulatory frameworks that are applicable to the company. We determined that the most significant are directly relevant to specific assertions in the financial statements are those related to the reporting frameworks, the Companies Act 2006 and the tax related legislation (the Finance Act);
- We tested the company's compliance with these laws and regulations through our audit procedures over the financial statements and the related tax balances including agreeing the disclosures in the financial statements to underlying support;
- We enquired with management, and those charged with governance, as to whether there were known or suspected instances of non-compliance with laws and regulations or fraud, and reviewed minutes of meetings to corroborate their responses;
- We assessed the susceptibility of the financial statements to material misstatement, including fraud and considered the fraud risk areas to management override of controls:
- We challenged assumptions made by management in their significant accounting estimates;
- We identified and tested a sample of journal entries with unusual characteristics, in particular any material journal entries, to supporting documentation;
- We communicated relevant identified laws and regulations and potential fraud risks to all engagement team members and remained alert to any indications of fraud or non-compliance with laws and regulations throughout the audit.

Our audit procedures were designed to respond to risks of material misstatement in the financial statements, recognising that the risk of not detecting a material misstatement due to fraud is higher than the risk of not detecting one resulting from error, as fraud may involve deliberate concealment by, for example, forgery, misrepresentations or through collusion. There are inherent limitations in the audit procedures performed and the further removed non-compliance with laws and regulations is from the events and transactions reflected in the financial statements, the less likely we are to become aware of it.

A further description of our responsibilities is available on the Financial Reporting Council's website at: <https://www.frc.org.uk/auditorsresponsibilities>. This description forms part of our auditor's report.

### **Use of our report**

This report is made solely to the Company's members, as a body, in accordance with Chapter 3 of Part 16 of the Companies Act 2006. Our audit work has been undertaken so that we might state to the Company's members those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the Company and the Company's members as a body, for our audit work, for this report, or for the opinions we have formed.

## Notes

*(forming part of the financial statements)*

### 1 Accounting policies

ResMed Global Holdings Limited (the "Company") is a company limited by shares and incorporated and domiciled in the UK. The following accounting policies have been applied consistently in dealing with items which are considered material in relation to the Company's financial statements.

#### *Basis of preparation*

These financial statements are prepared on the historical cost basis and in accordance with Financial Reporting Standard 102 *The Financial Reporting Standard* applicable in the UK and Republic of Ireland ("*FRS 102*") as issued in August 2014. The presentation currency of these financial statements is pound sterling.

These financial statements contain information about ResMed Global Holdings Limited as an individual company and do not contain consolidated financial information as the parent of a group. The company has taken advantage of the exemption under section 401 of the Companies Act 2006 from the requirement to prepare consolidated financial statements as the Company's ultimate parent undertaking, ResMed Inc., includes the Company and all its subsidiary undertakings in its consolidated financial statements. The consolidated financial statements of ResMed Inc. are prepared in accordance with International Financial Reporting Standards as adopted by the EU and are available to the public and may be obtained from the ultimate parent company at 9001 Spectrum Center Blvd, San Diego, CA 92123, USA.

In these financial statements, the Company is considered to be a qualifying entity (for the purposes of this FRS) and has applied the exemptions available under FRS 102 in respect of the following disclosures:

- Reconciliation of the number of shares outstanding from the beginning to end of the period;
- Cash Flow Statement and related notes; and
- Key Management Personnel compensation.
- Financial instruments

The Company proposes to continue to adopt the reduced disclosure framework of FRS 102 in its next financial statements. The accounting policies set out below have, unless otherwise stated, been applied consistently to all periods presented in these financial statements.

**Notes (continued)****1 Accounting policies (continued)*****Investments in subsidiaries***

Shares held in subsidiary companies are shown at cost less impairment.

***Investments in preference and ordinary shares***

Investments in equity instruments are measured initially at fair value, which is normally the transaction price. Transaction costs are excluded if the investments are subsequently measured at fair value through profit and loss. Subsequent to initial recognition investments that can be measured reliably are measured at fair value with changes recognition in profit or loss. Other investments are measured at cost less impairment in profit or loss

***Impairment excluding stocks and deferred tax assets******Financial assets (including trade and other debtors)***

A financial asset not carried at fair value through profit or loss is assessed at each reporting date to determine whether there is objective evidence that it is impaired. A financial asset is impaired if objective evidence indicates that a loss event has occurred after the initial recognition of the asset, and that the loss event had a negative effect on the estimated future cash flows of that asset that can be estimated reliably.

An impairment loss in respect of a financial asset measured at amortised cost is calculated as the difference between its carrying amount and the present value of the estimated future cash flows discounted at the asset's original effective interest rate. For financial instruments measured at cost less impairment an impairment is calculated as the difference between its carrying amount and the best estimate of the amount that the Company would receive for the asset if it were to be sold at the reporting date. Interest on the impaired asset continues to be recognised through the unwinding of the discount. Impairment losses are recognised in profit or loss. When a subsequent event causes the amount of impairment loss to decrease, the decrease in impairment loss is reversed through profit or loss.

***Non-financial assets***

The carrying amounts of the Company's non-financial assets, other than deferred tax assets, are reviewed at each reporting date to determine whether there is any indication of impairment. If any such indication exists, then the asset's recoverable amount is estimated. The recoverable amount of an asset or cash-generating unit is the greater of its value in use and its fair value less costs to sell. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset.

***Going concern***

The Company's business activities, together with the factors likely to affect future development and position, are set out in the Business Review section of the Strategic Report.

The Company is a holding company and does not generate trading cash flows or operate a bank account. The Company has net assets of £10,053,374,225, represented by investments in group undertakings. The Directors have a reasonable expectation that the Company has adequate resources to continue for the foreseeable future and, accordingly, consider that it is appropriate to adopt the going concern basis in preparing the financial statements.

**Notes (continued)****1 Accounting policies (continued)****Taxation**

Tax on the profit or loss for the period comprises current tax only. Tax is recognised in the profit and loss account except to the extent that it relates to items recognised directly in equity or other comprehensive income, in which case it is recognised directly in equity or other comprehensive income.

Current tax is the expected tax payable or receivable on the taxable income or loss for the period, using tax rates enacted or substantively enacted at the balance sheet date, and any adjustment to tax payable in respect of previous periods.

Unrelieved tax losses and other deferred tax assets are recognised only to the extent that it is probable that they will be recovered against the reversal of deferred tax liabilities or other future taxable profits.

**Functional and presentation currency**

The financial statements are presented in pound sterling as this is the primary economic environment of the Company's operations, which is consistent with the functional currency of the Company. Transactions denominated in other currencies are translated at the rate of exchange ruling at the date of the transaction. Monetary assets and liabilities denominated in foreign currencies are translated using the contracted rate or the rate of exchange ruling at the balance sheet date and the gains or losses on translation are included in the profit and loss account.

**2 Income from shares in group undertakings**

A Dividend of £224,666,143 was received from ResMed Asia Pte Limited in December 2020 in respect of the year ended 30 June 2021. A further dividend of £183,804,339 was received from ResMed Holdings Pty in May 2021 in respect of the year ended 30 June 2021.

A dividend of £169,980 was received from ResMed PEI Limited in March 2020 in respect of the year ended 30 June 2020. Further dividends of £163,572,890 from ResMed Holdings Pty Limited and £163,572,890 from ResMed Asia Pte Limited were received in May 2020 in respect of the year ended 30 June 2020.

**3 Profit on ordinary activities before taxation**

*Profit on ordinary activities before taxation is stated after charging:*

	2021	2020
	£	£
Auditor's remuneration		
- audit of the financial statements	18,301	15,350
- Unrealized exchange loss/(gain)	123	(46)
	<u>18,424</u>	<u>15,304</u>

**4 Directors and employees**

The Company employed no staff during the year. The directors did not receive any remuneration in respect of their services to the Company in the year (2020: £nil). These directors' services to the Company do not occupy a significant amount of their time. As such the directors do not consider that they have received any remuneration for their incidental services to the Company for the year ended 30 June 2021 (2020: £nil).

**Notes (continued)****5 Taxation****a) Analysis of tax charge in the year**

	2021 £	2020 £
<i>Current tax:</i>		
UK corporation tax	(5,757)	5,757
	<hr/>	<hr/>
Total current tax credit	(5,757)	5,757
	<hr/>	<hr/>
Tax credit on profit on ordinary activities	(5,757)	5,757
	<hr/> <hr/>	<hr/> <hr/>

**b) Factors affecting tax charge for the year**

The current tax charge for the year was lower (2020: lower) than the standard rate of corporation tax in the UK of 19% (2020: 19%). The differences are explained below:

	2021 £	2020 £
Profit on ordinary activities before tax	408,452,057	327,300,456
	<hr/>	<hr/>
Profit on ordinary activities multiplied by the standard rate of Corporation tax in the UK of 19% (2020: 19%)	77,605,891	62,187,087
<i>Effects of:</i>		
Non taxable dividend income	(77,609,392)	(62,189,995)
Losses carried forward to future periods for which no deferred tax has been recognised	-	8,665
Group Relief surrendered	3,501	-
Return to provision adjustment	(5,757)	-
	<hr/>	<hr/>
Total tax credit for the year	(5,757)	5,757
	<hr/> <hr/>	<hr/> <hr/>

**c) Factors affecting future tax changes**

A change in the main UK corporation tax rate, announced in the budget on 3 March 2021, was substantively enacted on 24 May 2021 and received royal assent on 10 June 2021. From 1 April 2023 the main corporation tax rate will increase from 19% to 25% on profits over £250,000. The rate for small profits under £50,000 will remain unchanged at 19%. Where the company's profits fall between £50,000 and £250,000, the lower and upper limits, it will be able to claim an amount of marginal relief providing a gradual increase in the corporation tax rate. This will impact the Company's future tax charge accordingly.

**d) Deferred Tax**

No deferred tax asset is recognised for losses carried forward (2020: £nil), as there is no certainty that future taxable profits will be generated.
