A.R.K. Lasting Powers & Wills Ltd is a private company, limited by shares, registered in England and Wales, registration number 11635781 . The registered office is 69 Webb Rise, Stevenage, Hertfordshire, SG1 5QE.

**2 Compliance with accounting standards**

The accounts have been prepared in accordance with the provisions of FRS 102 Section 1A Small Entities. There were no material departures from that standard.

**3 Accounting policies**

The principal accounting policies adopted in the preparation of the financial statements are set out below and have remained unchanged from the previous year, and also have been consistently applied within the same accounts.

***Basis of preparation***

The accounts have been prepared under the historical cost convention.

***Presentation currency***

The accounts are presented in £ sterling.

***Tangible fixed assets and depreciation***

Tangible assets are included at cost less depreciation and impairment. Depreciation has been provided at the following rates in order to write off the assets over their estimated useful lives:

Fixtures & fittings	25% straight line
Computer equipment	25% straight line

***Turnover***

Turnover is measured at the fair value of the consideration received or receivable, excluding discounts, rebates, value added tax and other sales taxes.

Turnover from the rendering of services is recognised by reference to the completion of the contract.

***Borrowings***

Interest-bearing borrowings are initially recorded at fair value, net of transaction costs.

Interest-bearing borrowings are subsequently carried at amortised cost, with the difference between the proceeds, net of transaction costs, and the amount due on redemption being recognised as a charge to the Income Statement over the period of the relevant borrowing.

Interest expense is recognised on the basis of the effective interest method and is included in interest payable and similar charges.

Borrowings are classified as current liabilities unless the company has an unconditional right to defer settlement of the liability for at least twelve months after the reporting date.

***Share capital***

Ordinary shares are classified as equity. Equity instruments are measured at the fair value of the cash or other resources received or receivable, net of the direct costs of issuing the equity instruments. If payment is deferred and the time value of money is material, the initial measurement is on a present value basis.
