**Notes to the Financial Statements
for the Year Ended 29 February 2024**

1. STATUTORY INFORMATION

A & A Gilbride Limited is a private company, limited by shares, registered in Scotland. The company's registered number and registered office address can be found on the Company Information page.

The presentation currency of the financial statements is the Pound Sterling (£).

2. ACCOUNTING POLICIES

Basis of preparing the financial statements

These financial statements have been prepared in accordance with Financial Reporting Standard 102 "The Financial Reporting Standard applicable in the UK and Republic of Ireland" including the provisions of Section 1A "Small Entities" and the Companies Act 2006. The financial statements have been prepared under the historical cost convention.

Turnover

Turnover is measured at the fair value of the consideration received or receivable, excluding discounts, rebates, value added tax and other sales taxes.

Goodwill

Goodwill, being the amount paid in connection with the acquisition of a business in 2000, is being amortised evenly over its estimated useful life of twenty years.

Intangible assets

Intangible assets are initially measured at cost. After initial recognition, intangible assets are measured at cost less any accumulated amortisation and any accumulated impairment losses.

Tangible fixed assets

Depreciation is provided at the following annual rates in order to write off each asset over its estimated useful life.

Leasehold property	- 5% on cost
Plant and machinery	- 10% on reducing balance
Fittings and equipment	- 5% on reducing balance
Motor vehicles	- 25% on reducing balance

Stocks

Stock are valued at the lower of cost and net realisable value, after making due allowance for obsolete and slow moving items.

Financial instruments

Basic financial instruments, including debtors and creditors with no stated interest rate and receivable or payable within one year, are recorded at transaction price. Any losses arising from impairment are recognised in the profit and loss account in administrative expenses.

2. ACCOUNTING POLICIES - continued

Taxation

Taxation for the year comprises current and deferred tax. Tax is recognised in the Statement of Income and Retained Earnings, except to the extent that it relates to items recognised in other comprehensive income or directly in equity.

Current or deferred taxation assets and liabilities are not discounted.

Current tax is recognised at the amount of tax payable using the tax rates and laws that have been enacted or substantively enacted by the balance sheet date.

Deferred tax

Deferred tax is recognised in respect of all timing differences that have originated but not reversed at the balance sheet date.

Timing differences arise from the inclusion of income and expenses in tax assessments in periods different from those in which they are recognised in financial statements. Deferred tax is measured using tax rates and laws that have been enacted or substantively enacted by the year end and that are expected to apply to the reversal of the timing difference.

Unrelieved tax losses and other deferred tax assets are recognised only to the extent that it is probable that they will be recovered against the reversal of deferred tax liabilities or other future taxable profits.

Pension costs and other post-retirement benefits

The company operates a defined contribution pension scheme. Contributions payable to the company's pension scheme are charged to profit or loss in the period to which they relate.

Grant income

Where applicable, grants from the government are recognised at their fair value where there is a reasonable assurance that the grant will be received and that the company will comply with all attached conditions. Where the grant income relates to a particular expense item, the grant income is recognised in the profit and loss account over the same period as the expense it is intended to compensate.

3. EMPLOYEES AND DIRECTORS

The average number of employees during the year was 18 (2023 - 18) .
