The financial statements have been prepared under the historical cost convention.

Financial assets

Basic financial assets, including trade and other debtors and bank balances, are initially recognised at transaction price.

Financial assets are derecognised when the contractual rights to the cash flows from the asset expire or are settled.

Financial liabilities

Trade creditors are obligations to pay for goods or services that have been acquired in the ordinary course of business from suppliers. These are classed as current liabilities as payment is due within one year or less. If not they are presented as non-current liabilities.
